Anti-Bullying Campaign

This article deals with our exhibition about the "Anti-Bullying Campaign".

ABOUT THE EXHIBITION

October is the month of "National Bullying Prevention". There is also the "Blue Shirt Day" on October 5th. We, the class of seventh grade A of Taaone junior high school, participated in an anti-bullying campaign with our teacher.

For this occasion, we created acrostic poems as well as posters to denounce bullying.

WHAT IS BULLYING ?

There are many types of bullying : physical, verbal, social and cyberbullying.

For example, bullying is pushing and slapping someone, making fun of others, saying mean things, gossiping, teasing and posting hurtful messages on the Internet.

Bullying is bad and it is not fair !

WHY DO PEOPLE BULLY ?

There are a lot of reasons why people bully others. Maybe they have been bullied themselves or maybe it is because they became friends with bad people. Also, perhaps they have family problems or they want to be better than anyone else.

WHAT ARE THE CONSEQUENCES ?

Victims of bullying can commit suicide, they can harm themselves and they can become depressed.

"In a world where you can be anything, choose to be kind"
